Did you know that Himesh first became a music director thanks to Salman Khan. His first movie album was Bandhan, where he helped Anand Raj Ananad with the album. He slowly moved up to the movie song "Odh Li Chunariya Tere Naam Ki" from Pyar kiya to darna kya. Oh Oh jana jaana became a bigger hit but himesh's song was a hit too. Slowly he climbed up and became the lead actor in the movie Karzzz (hopefully we did not miss and z at the end of karzzz). It is interesting to note that Dino Morea had a cameo in the movie and played Himesh in his earlier avatar (unlike most movies where the hero retains his face across various janams). Speaking of Dino Morea, did you know that in his first movie his name was listed as "Siddharth" Possibly because movie directors might have assumed that Dino Morea would be a hard name to catch on OR possibly because it was a publicity stunt (Dino's name in the movie was Siddharth). The movie was a flop but everyone hummed the songs "Mussu Mussu Haasi" and "Woh pehli baar jab hum mile". It is very interesting to note that He was paired against a star sister Rinky Khanna in this movie and he was paired against another star sister Kajol's sister in the Movie Shhhh. Both the star sister's career nose dived. Speaking of the Movie Shhh Dino did a great job there better than Karan Nath who was the male lead paired against Tanisha. Do you know who karan Nath was? His dad was Madhuri Dikshit's agent. So finally we have Himesh and Madhuri! It seems that Himesh and Madhuri will do an item number together and it is also reported that Himesh is remaking Madhuri's popular Ek do teen song.
