Ex Rajasthan Minister Mr Kishorilal Meena resigned from the Rajasthan Assembly. According to the sources the reason given was that He is unhappy with way the Gujjar agitation was handled by the Rajasthan Chief Minister Vasundhara Raje. However the real reason appears to be some where else. He is one of the senior members of BJP. There is a difference of opinion on many things with Vasundara Raje. Though a senior member he was not given any Ministerial berth by Mrs Raje. He is very unhappy and complained many a time against Mrs Raje to the BJP high command. However his resignation is unlikely to be accepted by the high command. Already in trouble with Gujjars, the BJP does not want to antagonize another powerful community of Meenas.
